Brief description of request:

In general, 1) Any alteration, modification or variance to the exterior of the properties in the Carriage Mill Subdivision are subject to the approval of the Board of Directors of the Association or such body as they may appoint to oversee Architectural matters (The Architectural Control Committee herein referred to as ACC). 2) All exterior alterations, modifications or changes to an existing building or any new detached structures such as satellite dishes must first have the written approval of the ACC before any satellite dish is installed. 3) The Association is empowered by law to enforce its own architectural guidelines (see Architectural Policies, guidelines).

- Requests may be informal but must contain the following requirements:
1. There must be a complete, written description including the purpose of the modification or structure.
 2. As being a detached structure, the owner must include a copy of the physical survey of the lot which was received at property closing. The copy shall be marked up to show the final proposed location and dimensions of the proposed modification.
 3. Any requests for exterior modification to the primary residence, any freestanding structures and/or other changes to the property must include Plans and Specifications.
 4. Details pertinent to size, shape color and materials to be used must be included. If available a photo and descriptions (contained in advertisements or catalogs) are helpful if included.

Lack of proper information will prompt the ACC to return the request for additional data in order to reach a sound decision. Allow thirty (30) days for the ACC to reply.
